Quite a good sized crowd was present on the seminary campus yesterday afternoon to watch the scrimmage between Goddard and Spaulding. Each team was given the ball for 10 minutes, and Goddard defended their goal during the first 10-minute period. During this period Ingram carried the ball for good gains, breaking through the Goddard line once for a 25-yard gain. The Goddard line tightened up, however, and Spaulding was unable to put the ball over for a touchdown. After a five-minute rest, the teams lined up for another 10-minute scrimmage with Spaulding defending their goal. Driscoll, Williams and Shea made good gains, the latter making an end run that netted 30 yards. Goddard tried out its forward passing game and Driscoll finally carried the ball over for a touchdown. After a three-minute rest, the teams went through a fast signal practice, working independently of each other. Coaches Wilson, Mowles and Lundholm were on the field and pointed out the mistakes after every play. The coaches were very much pleased over the way their respective teams performed, and feel that both teams were benefited by getting together in this way.
